"Simplifying your documents, securing your data"

Its all happening at DDG

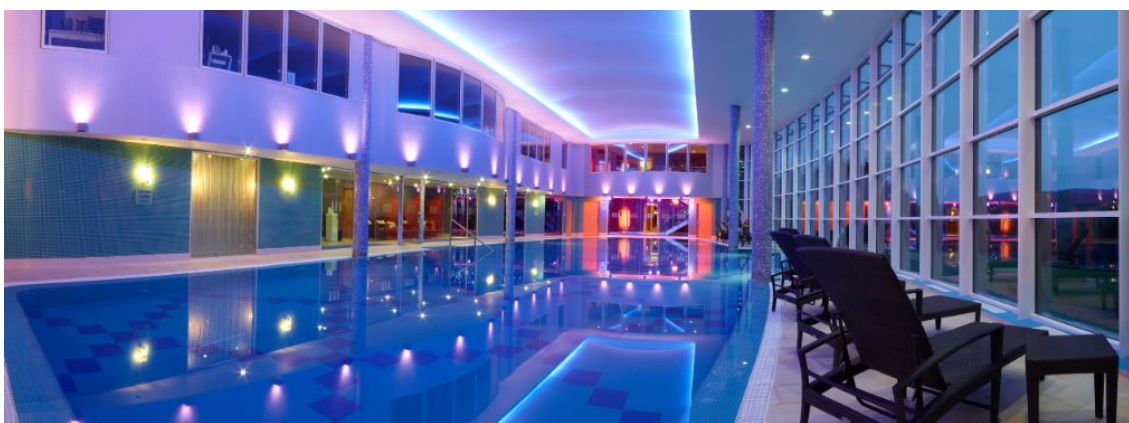

Over the past few weeks we have welcomed new members of staff, company celebrations, the launch of our recommend a friend scheme and the planning of seminars taking place in August. Read on for more info. ...

Richard and Lesley join the team!

We are delighted to welcome Richard and Lesley to Document Data Group. They both take up their new positions within the Business Development Team calling companies across Scotland to discuss our product portfolio.

NEW: Recommend a friend to DDG

We launched our new recommend a friend scheme this month, rewarding existing customers for introducing new business to us. You should have received an email 2 weeks ago with the current offer: A Relaxing Spa Day for 2 at Stobo Castle when you refer someone to us and they become a customer. So far the response has been great and we thank

you all for the referrals.

Solutions Partner 2017!

Document Data Group are delighted to be awarded as UTAX Solutions Partner of the year 2017. Joint Managing Director of Document Data Group Steve Young is pictured receiving our award from UTAX Area Manager Billy Murphy.

If we could give one piece of advice to our customers it would be to step back from daily business and consider the costs associated with running your print fleet. The implementation of solutions such as Print Management give you the opportunity to track print usage and put

controls in place such as restricting department print volumes and controlling the number of coloured copies printed.

Book a FREE Print Audit with us today and our trained engineers will analyse your current print fleet and usage per department and give you a report with recommendations for the company. What have you got to lose? Its FREE Information!
