"Simplifying your documents, securing your data"

Due to our continued growth, Document Data Group are delighted to welcome some new recruits to our team. From left to right, Yvonne McEwan (Sage Solutions Consultant), Lynne Boyd (Marketing Manager), Helen Siegers (Business Development) and Chill Anyanwu (Solutions Account Manager).

---

#### **Yvonne McEwan    Sage Solutions Consultant**

With over 12 years of experience working with Sage I have a wide knowledge of business

processes across a variety of industries. I have accreditations in sage 50 and sage 200 suites and working knowledge of many other integrated application, such as those supplied by Sicon. In the last 8 year I have specialised in the construction industry with accreditations in Eque2's Construction for Sage.

Joining DDG in November 2016 as a solutions consultant I've assisted in building the new sage team providing presales support to Barry and the rest of the DDG sales team as well as consultancy and training to all clients, helping us secure 3rd place in the sage league tables for Scotland and NE in our first quarter.

My main role is to implement and project manage the installation of Sage, Sicon and Eque2 systems for our clients, while working closely with the other teams within DDG to provide applications to efficiently streamline business processes.

---

**Lynne Boyd     Marketing Manager**

Having 7 years experience in a Business to Customer Marketing role, I am looking forward to developing this further in a Business to Business environment with Document Data Group. Customers will receive regular communications via LinkedIn, Twitter and email. In addition, look out for invitations to attend meetings at our Eurocentral Office which will provide you with information and demonstrations on hardware and software available to improve the workflow of your business and give you the ability to network with others who face similar issues. Finally, I am assisting with the creation and maintenance of our new interactive website which we hope to launch in April 2017.

---

**Helen Siegers     Business Development**

I have been with Document Data Group for 2 years in the Telesales Department. My role has involved introducing new businesses to our company and ensuring the continual happiness of current customers. I took advantage of Document Data Group's strategy to promote within the company and have recently been appointed a direct sales role. I am looking forward to meeting you all face to face and understanding your business needs.

---

**Chill Anyanwu     Solutions Account Manager**

I have been employed in the IT and Sales industry for 10 years and moved to Scotland 2 years ago from North London. I am delighted to join Document Data Group and I am excited to learn more about the software applications available to help the business world. Document Data Group have given me a fantastic opportunity to develop my career and I look forward to building long lasting relationships with both peers and customers.

Are you currently reaping these benefits from your Printer contract?

- Only pay for the colour you use (three tier billing structure)
- Never run out of ink: once your ink levels get to 20% an order is automatically generated
- Improved print security via password control printing
- Reduced paper waste via managed printing options.

If the answer is no, please get in touch!
